This class meets Monday through Friday in room D109.

Spanish II is a natural continuation of Spanish I with a beginning review of vocabulary and all grammatical structures which were covered in level one. Students will be expected to use Spanish as much as possible in the classroom. The main focus is conversation and written work with the use of proper Spanish grammar. Homework is assigned daily and quizzes are given approximately three times per week. Chapter tests generally are given every week and a half. The student is tested on his/her ability to communicate and make himself/herself understood to a Spanish speaker. Spelling does count when work is graded. Worksheets, overhead transparencies, videos and Internet activities will be used to supplement the textbook. Notebooks are collected and graded each quarter.

Grades are calculated in the following manner:

Tests, quizzes, projects	= 80%
Homework	= 10%
Class participation	= 10%
