

Help improve transportation in Lebanon County

Lebanon County's Metropolitan Planning Organization (LEB CO MPO) is currently updating its long-range transportation plan for the county. This plan outlines the county's 20-year vision for its transportation system, which includes various modes of transportation such as roadways, bridges, sidewalks, trails, bicycle lanes, buses, rail, freight, and airports. **Your input is crucial in defining the future of transportation in Lebanon County.** Your daily routine is undoubtedly affected by how you and your family travel to and from school, work, and other destinations. Thus, your valuable feedback is needed to shape the transportation plan for the county.

We want to hear from you!

There are three different ways to share your input with the County:
